EK Lua, J Crowcroft, M Pias, R Sharma - Citeseer

... ASURVEY AND COMPARISON OF ... Association of America (RIAA) attempted to force Napster to shut down the free-for-all **file-sharing** service ... The Content Addressable Network (CAN) [5] is a distributed decentralized P2P infrastructure that provides **hash-table** functionality on ...

[Cited by 573](#) - [Related articles](#) - [View as HTML](#) - [All 55 versions](#)[Extendible hashing—a fast access method for dynamic files](#)[nsu.edu \(PDF\)](#)

R Fagin, J Nievergelt, N Pippenger, HR ... - ACM Transactions on ... , 1979 - portal.acm.org

... depends on system-dependent parameters such as pointer lengths, and also on the particular **file** being stored. ... 5). This **difference** will usually be unimportant, however, since the space used for the **directory** will be ... Comparison of virtual **hashing** with our scheme is more difficult. ...

[Cited by 586](#) - [Related articles](#) - [All 13 versions](#)[Fast text access methods for optical and large magnetic disks: Designs and performance comparison](#)[nsu.edu \(PDF\)](#)

C Faloutsos, R Chan - ... of the 14th International Conference on ... , 1988 - books.google.com

... is handled as follows: Step 1/> ("base")= 30: The 30-th pointer of the **directory** will be ... The only **difference** is that, whenever a matching hashcode is found in Step 2, the ... To allow comparisons with previous experiments on signature **file** methods, we divided the data base into ...

[Cited by 51](#) - [Related articles](#) - [All 11 versions](#)[Signature files: Design and performance comparison of some signature extraction methods](#)

C Faloutsos - Proceedings of the 1985 ACM SIGMOD International ... , 1985 - portal.acm.org

... T&h&s et al. PO] describe a prototype, multimedia office filing system that apphcs the signature **file** approach both for attributes and text. ... The **difference** is that no **hashing** technique is used in clustering to create the bit vector, at the expense of having a fixed vocabulary and ...
